APPARATUS FOR HOLDING AND MOUNTING A COMPONENT (as amended)

REQUEST FOR REFUND

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants respectfully request a refund of charges totaling \$565 posted to Deposit Account No. 23-0975 on May 3, 2005. According to fee codes, \$435 is for a basic filing fee of a utility application and \$130 is a late filing fee surcharge. Applicants assert both are incorrect.

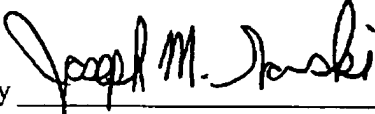

The erroneous charges appear to stem from an error regarding entity status when the application was originally filed on August 6, 2001. The Applicants' attorney mistakenly checked the small entity status box on the Utility Patent Application Transmittal. A check was submitted with those papers, which correctly included large entity fees for the application. Copies of the PTO date-stamped postcard and Patent Office Fee Transmittal, dated August 6, 2001, are enclosed as receipt of the papers and fees. Our office received a Response to Request for Corrected Filing Receipt, dated November 16, 2001, which indicated that there was confusion on the PTO's part, caused by our error. We submitted a Notification Re Small Entity Status (copy enclosed) on March 14, 2002, in hopes of clarifying this matter. It reiterated that fees were paid for a large entity status application at the time of filing. Therefore, no fees were deficient or late. It is unclear whether this document was not received by the proper office or just overlooked. That appears to be the only reason for the improper and unexpected charges to have been posted to our account after all of this time.

Kindly credit the refund of \$565 to the deposit account of undersigned, no. 23-0975. If there are any questions regarding this matter, please contact Kara Reade, Accounting Assistant, at (202) 721-8226.

Respectfully submitted,

NOTIFICATION RE SMALL ENTITY STATUS

COPY

Assistant Commissioner for Patents,
Washington, D.C.

Sir:

This is to notify the Patent Office that the box asserting small entity status was checked in error on the Utility Patent Application Transmittal. The fact that the small entity assertion was checked in error, is apparent since fees for a large entity were paid upon filing the present application. Since no fees were paid as a small entity, there is no deficiency payment required. Accordingly, there does not appear to be any necessity to file a submission under 37 C.F.R. 1.28.

In view of the above, the Office is requested to correct the Official Patent Office records in order to indicate that small entity status is not being claimed in this application.

Should any further information regarding the above be necessary, please do not hesitate to contact the undersigned in order to expeditiously resolve this matter.

Respectfully submitted,
